

LAUDATO SI' COSMIC Advent Wreath

The *Laudato Si'* COSMIC ADVENT WREATH is an adaptation of the traditional advent wreath which each year makes its way out of the dark storage closets and into the light of our homes and church sanctuaries.

The COSMIC wreath brings Pope Francis encyclical letter, *Laudato Si'* to life in a new way.

Use this simple paper image as the centerpiece for your advent wreath and surround it with a variety of greens, rocks, shells, berries . . .

. . . be creative . . . use your imagination . . .
